

IELTS checklist for your clients

Check who accepts IELTS

With over 12,500 organisations and all four immigration authorities who require proof of English skills accepting IELTS, it's likely we'll be on the list. However, test takers should check that their chosen institution(s) recognises IELTS before they start their IELTS journey.

Research the IELTS test types

Test takers should decide whether they need to take IELTS Academic or IELTS General Training depending on their goal and what their chosen organisation(s) requires.

Check the score requirements

Check what scores their chosen organisation(s) requires and learn about the IELTS band scores and what that means for their test preparation. This will make sure they feel prepared ahead of test day.

Learn about the ways to take IELTS

Whether they prefer to take the test in a test centre (on paper or on computer) or remotely (IELTS Online), we give test takers the choice as to how they want to take their test.

Find the nearest test centre

With over 4,000 test locations in over 140 countries, test takers can expect to find a location near them if they decide to take IELTS in a test centre.

Organise access arrangements

We make sure IELTS is fair for everyone by providing support for those who need it. We offer access arrangements such as extra time and modified versions of the test. Test takers just need to let their test centre know as early as possible before their test so we can make the necessary arrangements.

Browse our IELTS preparation resources and make a preparation plan

To help test takers feel confident on test day, we provide a wide range of preparation materials. From sample questions and practice tests to videos and apps, we have everything they need to succeed.

Learn about IELTS results

Test takers will want to know how they'll receive their results, how to share them, as well as what options are available to them if they didn't get the result they wanted. We offer an Enquiry on Results service and the ability to retake one of the four skills with IELTS One Skill Retake.

Visit the test taker section of our website for further details on all of the above:
